

2019 Capital Street Maintenance & Detour Routes

Last updated June 10, 2019

Below is a list of the capital street maintenance projects that will take place in the City of Mason beginning in the spring of 2019. A map of the project areas can be found on the reverse side of this brochure. Additional information about each project can be found in our Capital Improvement Program (CIP). A copy of our CIP is available on our website at www.mason.mi.us.

	Location	Description	Begin – End Dates*	Alternative Route
1	Walnut Street – Columbia Street to North End	Pre-work is beginning now which is separate from the work related to this notice. Pre-work may consist of water main valve replacement and verifying water services. Work will include mill and fill, concrete work, and ensuring sidewalk ramps are compliant with the American’s with Disabilities Act (ADA).	May 28 – August 9	Route will remain open during construction, delays possible.
2	W. Elm Street – South Lansing Street to Jefferson Street	Work will include street reconstruction, concrete work, and ensuring sidewalk ramps are compliant with the American’s with Disabilities Act (ADA).	May 28 – August 9	Route will remain open during construction, delays possible.
3	Park Street - Elm Street to Oak Street	Work will include street reconstruction, concrete work, and ensuring sidewalk ramps are compliant with the American’s with Disabilities Act (ADA).	May 28 – August 9	Route will remain open during construction, delays possible.
4	S. Jefferson Street – Oak Street to Kipp Road	Work will include mill and fill South Street to Kipp and Ash to Oak; full reconstruction Oak Street to South Street including utility repairs.
